POLICEMAN CLAIMS \$200 FOR HIS STRIKE ARREST

"Glad to Give It to Him," President Shonts Says.

Patrolman Frank O. By, of Traffic Squad A, is the first claimant of the \$200 reward offered by the Interborough for any one causing the arrest and conviction of a person caught throwing missiles at cars and injuring passengers or members of the crew. By arrested Frank Alderson, of Jersey City, charged with throwing a stone through the window of a Fourteenth Street cross-town line car and injuring Mrs. Marco.

"I am only too glad to give this reward," said Mr. Shonts last night, "and Patrolman By will get the money tomorrow."

YOUNG BRITON MISSING FROM SANATORIUM

Son of Barbados Legislator Sought by Westchester Police.

Percy D. Cave, twenty-year-old son of R. G. Cave, member of Parliament in Barbados, British West Indies, has been missing from the Morrow Sanatorium, Harrison, N. Y., since Wednesday. The police have been appealed to for traces of him.

Young Mr. Cave has been recovering from a recent illness, and it is thought that in an attack of amnesia he has wandered away, and possibly met with foul play. The young man is a British subject and speaks with a decided English accent.

BLACKMAIL CASE READY FOR TRIAL

Knox Here to Clear Up the Loose Ends of Evidence.

BIG CONSPIRACY HAD NO REAL HEAD

Investigator Says Co-operation Was Only by Chance.

John C. Knox, the Assistant United States Attorney from this district who has been in Washington and Philadelphia supervising the preliminary work of prosecuting the blackmailing ring that has been operating in Chicago, Philadelphia, Boston and this city, returned yesterday to check up evidence with agents of the Department of Justice.

Mr. Knox, who as special prosecutor had charge of the German bomb conspiracies, said he was at work on many loose ends of the case and that some interesting features might be disclosed early next week.

It is understood the prosecutor and the staffs of the Department of Justice in this city, Philadelphia and Chicago have obtained such an abundance of evidence that the first case will probably be brought to trial in Philadelphia in the first week in October.

One of the agents of the department, familiar with the work of the blackmailers, said he was confident that there was no real directing head, as had been reported.

"It was just a case of confidence men working together from Philadelphia and Chicago. It is true these criminals always worked in groups, but these spasmoid alliances were more occasions of chance than systematic organizations. We know that several of them were mixed up with the enterprises of various groups."

"It may be that some of the cases will be tried in the Southern District of New York, chiefly because this city happened to be the place where these conspiracies were planned and in some instances where the overt act making the conspiracy effective was committed."

It was said in the Federal Building yesterday that several arrests might be made on Monday, but until certain persons had been taken into custody no information concerning the plans of the prosecutor could be made public.

Some Blackmail Trials To Be in Philadelphia

By Telegram to The Tribune.

Philadelphia, Sept. 22.—Some of the trials of the gang of alleged blackmailers, who are accused of extorting \$100,000 by trapping persons in white trunks and the Mann White Slave act, will be held in Philadelphia.

This announcement was made here by Frank L. Garbarino, special agent of the Department of Justice, on his return from a two-day conference at Washington with Attorney General Gregory.

The case of the kidnapping of Mrs. Regina Klipper, in which Frank Crocker, George Irwin, William Butler and George Butler are accused of obstructing justice, will be tried here, Mr. Garbarino said.

Their trial for alleged impersonation of Federal officers, which occurred in New York, will be held here or in New York. Mrs. Klipper and the three Chicago prisoners are expected to arrive by Sunday. Most of the other cases will be heard in New York, the prosecution to be placed in the hands of Assistant District Attorney Knox.

The result of the conference at Washington was a decision to divide the work of searching for the other persons wanted, Mr. Garbarino said. No further arrests are to be made for several days, he added.

ALLIES TIGHTEN GRIP ON SHIPPING

More Stringent Measures To Be Retaliation for Destruction by U-Boats.

BLACKLISTED FIRMS WILL BE SUFFERERS

Available Tonnage Shall Not Be Used to Benefit Teutons, Says Cecil.

London, Sept. 22.—The continued depletion of the world's supply of tonnage as a result of the operations of the Central Powers' submarines will be met by an increase in stringent measures by which the Entente Allies design to control shipping, so as to insure it being used to the best advantage of the Allies, and prevent it even indirectly aiding their opponents, according to a statement today by Lord Robert Cecil, Minister of War Trade.

Lord Robert admitted that even the present rate of destruction, without considering the possibility of a resumption of unrestricted submarine warfare, meant a serious loss to the world's tonnage. Consequently, he said, it could not be expected that British coal or other British facilities should be extended on ships carrying goods to blacklisted firms. The Entente Allies will increase their shipping measures, which already are proving valuable, in making the best use of available tonnage in proportion as the Germans succeed in destroying merchant ships.

The Minister of War Trade said that, as a matter of course, the Entente Allies would be favored as regards the use of tonnage, and that neutrals engaged in Entente Allied trade would receive the next consideration. Neutrals suspected of unneutral acts, he added, would not enjoy the usual facilities.

Lord Robert said that the answer of Great Britain to the American government's protest against the seizure of mails would be sent to Washington immediately, and that the reply to the American protest with regard to the blacklist imposed by the Entente Allies would follow soon.

It was said in the Federal Building yesterday that several arrests might be made on Monday, but until certain persons had been taken into custody no information concerning the plans of the prosecutor could be made public.

CANADIANS MAKE BRILLIANT RECORD IN SOMME FIGHTING

Message from the Front Tells of Their Irresistible Sweep Over Enemy Trenches Defended by Germans Chained to Machine Guns.

EPIRUS UPRISING URGED BY DEPUTY

Country Under Thumb of Venizelos, German Says.

Athens, Sept. 22.—Further disorders in Greek Macedonia, where a revolutionary movement has been in progress for some time, were reported today. A dispatch from Kozhani (a town of about 10,000 inhabitants, fifty-five miles southeast of Monastir) says the Greek civil authorities have been removed from office by the insurgents.

The police chief and Major Karapanos, the military governor, with a company of the 31st Regiment of the line, it is said have joined the uprising.

Constantino Melas, Deputy for Janina, has appealed to the inhabitants of Epirus to join in the national defense movement started at Salonica.

The Committee of National Defence was organized at Salonica by Greek military officers and well known civilians in the last days of August. The committee established what it termed the "Provisional Government of Macedonia" and addressed an appeal to the Greek people and army urging them to drive the Bulgarians from Greek soil.

On September 3 a Salonica dispatch stated that the 11th Army Division, the police and the Liberal or Venizelist party in Macedonia had joined the revolutionary movement and that a general mobilization had been decreed in the province. No definite news as to what has happened since has been permitted to pass the censor.

RUSSIANS SEIZE FORTS OF HALICZ

Assail Town in Force in Attempt to Smash Through.

London, Sept. 22.—Some of the forts defending Halicz, the key to Lemberg, have fallen to the Russians, according to Petrograd dispatches which reached London tonight. The town is not regularly fortified, but a series of strong defenses have been built around it. It is to these that the dispatches probably refer.

The desperate battle continues here. Topographical conditions greatly favor the defenders. That explains the failure of the Russians to force a breach in the line earlier. The Czech troops again are attacking the town in force, but thus far the stout Austrian resistance has held them.

Before Kovel the Russians have brought up new forces, and are still attacking. In this sector the Teutons apparently also have massed a large number of troops and are beating back the Czech attacks. Petrograd reports no gain to-day.

The German Admiral reported today that an Allied transport completely filled had been sunk in the Mediterranean before coasting the home coast. The steamer sank in forty-three minutes, according to the report, and the crew was taken over by a torpedo boat, while the two officers were transported to land on the naval aeroplanes.

A German seaplane flew over Dover today and dropped anti-aircraft guns. It was chased and shot down by British fighters, but no casualties.

The Austrian Admiralty statement reads: "An Austro-Hungarian Adriatic sank before coasting the home coast. The entire crew of the submarine, twenty-two men, were taken over by a torpedo boat, while the two officers were transported to land on the naval aeroplanes."

Several American volunteers have served on the Yser, Aisne and Somme, in the Champagne, at Verdun, in Lorraine and in the reconquered portions of Alsace, establishing the service to include almost all of the great campaigns of the French army.

William B. Fitzgerald, the car men's organizer; Hugh Frazer, Arturo Giovannetti, Leon Samson, Dr. Charles F. Aked, Lincoln Steffens and Dr. L. President Wilson wrote that he was sorry he could not accept "the interesting invitation" to address the audience.

U. S. AMBULANCE TO BALKANS

Section of Thirty Cars To Be Sent with French to Salonica.

Paris, Sept. 22.—The American Ambulance Field Service announced today the formation of a section to serve with the French army in the Balkans. It will include thirty ambulances of the latest model, repair cars, a kitchen car, tents and accessories for service far from the hospital base. The personnel is being recruited from veterans of the service.

American volunteers have served on the Yser, Aisne and Somme, in the Champagne, at Verdun, in Lorraine and in the reconquered portions of Alsace, establishing the service to include almost all of the great campaigns of the French army.

Wife, in Search, Says Hose Were of Assorted Hues.

Mrs. Frederick Bowers, of 327 South First Street, Brooklyn, thought something was wrong last Saturday, when her husband left the house wearing four socks of variegated hues on one foot and five equally motley socks on the other.

After waiting until yesterday for him to return she asked the police to help find him. He is thirty-three years old and a clerk.

"IS ANY GIRL SAFE?" LOSES

Justice Cohalan Refuses to Tie Bell's Hands.

Justice Cohalan denied yesterday the application of the Anti-Vice Motion Picture Company to restrain George Bell, Commissioner of Licenses, from interfering with the production of the film, "Is Any Girl Safe?" which recently was shown at a local theatre.

The action of the justice in permitting Commissioner Bell to enforce his order condemning the picture, regarded at the Anti-Vice Motion Picture Company, which appeared for Bell, as a check against an invasion of the series of so-called white slave pictures with which the public has been threatened as an indirect result of the activities of District Attorney Swann against white slaves.

WAR RELIEF SUPPLIES SENT

Russians, French and Italians Will Benefit.

Hospital and surgical supplies to the value of \$9,000 were sent by the American Red Cross to Europe in four shipments this week. Some of the supplies were sent to the American Consul at Vladivostok to be used among the war prisoners in Siberia.

The largest shipment went to the American Relief Clearing House in Paris.

Stationery and comfort kits in considerable quantities were sent to the American soldiers on the border. Forty-eight of the kits sent this week were made and filled by five children, who describe themselves as "the comfort kitchen."
